   - School Community Handout
   - SCC Duties and Responsibilities Plans, Rules, and Laws

3. Wendy Barton and Jill Perrins were appointed co-chairs

4. Safety: Safety concerns addressed
   - All doors locked except front door during school hours
   - There is no crossing guard in the morning and parents/teachers are concerned about safety while coming to the school.
   - Possibility of having parent volunteers act as crossing guard before school.
   - The school provides a crossing guard for after school.
   - Possibility of having UDOT come to our school and do an assembly concerning safe walking routes.
   - Principal will email teachers and parents concerning safe walking routes.
   - Possibility of putting together a teacher committee to assess and gather data during the before school timeframe and come up with a plan to make the “before school” timeframe safer.
   - PTA will be educating the students during Red Ribbon Week about safely walking to and from school.
   - SCC members will meet together next Wednesday, October 8th, along with the SF football team and cheerleaders to demonstrate safe walking routes with students during the “before school” timeframe.
   - Another safety concern about teachers not being in their classes from 8:00-8:30 am when kids are dropped off. Principal addressed the fact that teachers have prep time and duty and possibly other meetings that would take them out of the classroom during that time period.
• Fire alarms are scheduled monthly as well as lockdown drills. The school is working with SF Police department on new procedures and protocols when implementing a lockdown.
• There are still issues with the bike racks. Kids are not placing their bikes on the rack correctly. Many bikes are being dropped at the entrance of the bike rack. Principal has made daily announcements via intercom concerning this issue. The school will continue to address this matter.
