

Halloween Parade – Wednesday, October 31st @2:00 pm

Our Halloween parade route has changed just a bit this year. The parade will avoid the north bus lane completely. Sixth grade will begin and exit the northwest door by the creativity classroom. We will proceed in front of the school and in front of the flagpole around the block via 2130 E – 1400 S – 2300 E – 1200 S then across the playground blacktop and enter through the southeast doors by Allie James' kindergarten classroom.

Because the parade does not make a full circle it will make viewing the entire parade a little trickier. The parade will go in backwards grade level order starting with 6th grade and end with Kinder. Grade levels will stop on the playground at the end of the route (see map) to watch as the younger students parade past. Then, after kindergarten passes 6th grade will follow then 5th and so on...
