

Dear Parents,

We have a remarkable program to share with you. This summer your student has the opportunity to participate in the Playon Program.

The Playon Program is designed to make your life easier as a parent by providing activities that help get your kids off the couch and away from screens. Playon seeks to involve the entire community and it is FREE for your student to participate.

If this sounds like something your child and family would enjoy, here is a note from Playon explaining the program.

-----

Welcome to Playon, where we give your child a reason to put down screens and experience the world around them through play!

We have created dozens of activities your students will love to do all summer long.

Like...riding bikes, scavenger hunts, baking cookies, exploring, caring for animals, serving others, sidewalk chalk, counting the stars, growing something healthy to eat, there's even llamas, monsters, and so much more!

**It's easy to Playon.**

- 1. Complete fun activities and challenges**
- 2. Collect special badges and rewards from our local sponsors**
- 3. Have the best "screen free" summer ever!**

The best part is, it's **FREE**, thanks to our local sponsors.

Every student will be sent home with a lanyard from their elementary school before summer break begins. Simply scan the ID card attached to the lanyard and receive all the details you need to start collecting badges and rewards.

Here are some important details just in case:

- The Playon Program runs from Memorial Day to Labor Day
- Kids can collect badges all summer long for the activities they complete!
- The program is **FREE** for everyone and involves Kindergarten to 5th grade.
- Our website will have all the activities available and a list of local badge sponsor locations to collect your badges.
- We have really fun rewards to earn along the way.. Crumble Cookies, Free play at Coin Crazy, Free Day Pass at Splash Summit, and many other prizes!
- Fun end of summer party @ the Hive in Spanish Fork (date pending).

Wishing you adventure, fun, and life long memories as we all Log Off and Playon!
